

## ***Rabri Devi - Yamraj Conversation***

***Rabri Devi died and went to heaven (Don't Laugh).***

***As she stood in front of Yamraj, she saw a huge wall of clocks behind.***

***She asked, "What are all those clocks"?***

***Yamraj answered, "Those are Lie-Clocks, everyone on Earth has a Lie-Clock. Every time you lie, the hands on your clock will move."***

***"Oh," said Rabri, "Who's clock is that"?***

***"That's Gautam Buddha's. The hands have never moved indicating that he never told a lie", answered Yamraj.***

***"And whose clock is that? That's Abraham Lincoln's clock. The hands have only moved twice, telling us that Abraham only told 2 lies in his entire life."***

***Rabri asked, "Where's my Laloo's clock?"***

***"Laloo's clock is in my office", replied Yamraj, "I'm using it as a ceiling fan".***
